Audition Instructions Thank you for taping. This is a very physical role. There is NO NUDITY. Have fun with it. Don't hesitate to do a few takes and try different things. The director will watch all of them!

I know it's not an easy scene to do in an audition because of the physicality of it, but that's who she is. She's tough, she's bold and she's definitely badass! Let me know if you have any questions. Thanks!

INT. NORTH END DIVE BAR - NIGHT

Rocco is knocking them back at a table. With him is Hannigan, Lonnie and a man in his thirties that we'll soon know as JOHNNIE. These guys clearly run the place.

There in the corner, a BUSTY BLONDE in her twenties, drinking a rum and coke, almost spilling her drink and her breasts out onto the dance floor. She is the definition of a super sexy, hot mess.

Rocco points her out to his boys and they all egg him on. So, he makes eye contact with the bartender, fixes his hair, tucks in his clothes and walks over to her.

Before he gets there, the bartender has already brought her a fresh drink. Smooth. Shot of whisky for Rocco too.

BLONDE
You wanna dance?

ROCCO
I don't fucking dance.

He downs the shot. Some whisky drips out of the corner of his mouth. She wipes it with her finger and licks it.

BLONDE
I'm a really fucking bad drunk!

ROCCO
Let's get the fuck outta here.

INT. ROCCO'S APARTMENT - NIGHT

The door bangs open, they are all over each other. She takes a step back and begins opening her blouse... revealing her perfect breasts.

Rocco hits the music on the stereo, throws her on his couch. He pulls out a bottle of whisky, pours two glasses.

ROCCO (VO)
I knew she was crazy but... Those tits. I've always had a thing for that.

She stands up, pours whisky on her breasts, shoves Rocco's face in them.

BLONDE
Fuck my tits with your face!

Whisky gets into Rocco's eyes, stings the shit out of them. Then she pushes him away.

She starts running around his den, knocking shit over. One of his paintings drops from the wall, he catches it, puts it safely aside. She doesn't even notice.

ROCCO

'Fuck you doing?

Finally, he grabs her and she twists around so their backs are touching. Then she locks arms with him. So, Rocco leans forward and lifts her off the ground. She starts kicking in the air, her high heels leaving holes in the wall, in the ceiling... she kicks the ceiling fan off so it's hanging by wires...

Now the Blonde leans forward and lifts ROCCO up.

WE SEE her high heel feet, wobbly under the weight, slipping on that hardwood floor.

One step... wobble... two steps... wobble...

Those heels slip and... for a moment Rocco is suspended in air... before he comes CRASHING down on top of her. Rocco scrambles off of her. He reaches out for her, she waves him off, gets to her feet...

The Blonde composes herself, her back to Rocco, then turns and reveals that her nose has been BUSTED FLAT against her face... it is horrifying, pushed back like a PIG NOSE.

ROCCO (CONT'D)

Holy shit!

The Blonde walks over to a mirror, sees her reflection, she starts screaming. Just then, blood starts gushing out of her nose.

BLONDE

You did this to me!

The Blonde charges Rocco into a wall! The Blonde picks up a lamp, swings it and hits Rocco on the head. His head opens up with a gash. She grabs the fire poker, raises it over her head...

Rocco dodges the fire poker and punches her in the face. She goes out cold on the floor.
